TULSA INTERNATIONAL AIRPORT

Tulsa, Oklahoma

The modernistic upper level of the entrance building of this magnificent "Airport of To-morrow", designed to fulfill the requirements of 1970. It is one of the most modern and complete terminal facilities in the U.S.A. Built at a cost of \$8,000,000, it features a 10,000 foot runway which will accommodate any plane in the air or even on the drawing board and considering both commercial and private aircraft, accommodates a landing or take-off every 3 minutes 24 hours a day, making it one of the busiest airports in the nation
